

Dear friends and members of Adesuwa,

In this edition: Save the Date for the Adesuwa General Meeting 2021; Impressions of the 2021 Project Days; We ask the tutors: What do you find fulfilling about your job?

Save the Date! Adesuwa General Meeting 26 Sept. 2021

What all did Adesuwa do last year? How did we finance all these activities? And what are our plans for the coming year? If you want more details about our activities, where your donations went and everything we were able to achieve, then plan to attend our online General Meeting on 26. Sept.2021. With many pictures, graphs and videos we will inform you about these and any other questions you would like to ask. The meeting is also an opportunity to get better acquainted with the Adesuwa team. Who writes the Newsletter? Who posts on Facebook? Who answers my mails and is available to answer my questions about my donation or my membership? We will introduce you your contact person who will help you with any questions you may have in future. The meeting is online and you can simply join any time. If you would like to join us, please let us know at info@adesuwa.de. We will send you a link, an official invitation and more information by post/email.

We look forward to “seeing“ you!

Impressions from the 2021 Project Days

As we reported, we carried out a Spelling Bee competition for the Coker kids this year. Four of our older children took on the challenge and could go home with a big smile and a trophy. The younger children practiced spelling in a playful way and also won some medals for their efforts. Here are some impressions of our 2021 Project Days:

We asked the tutors: What do you find fulfilling about your job?

Babafemi O.:

What I like being a tutor is that I derive joy from teaching the children, especially when the children understand what am teaching them. Teaching is knowledge, as I teach I also learn. When I was given the opportunity to become one of the tutors in Adesuwa I was very happy because it's like a dream come true. It also pleases my heart to be part of Adesuwa. Thank you!

Emmanuel:

I enjoy being a tutor because I am able to teach the kids in a more interesting way compared to how I was taught when I was at their age. Also, I love challenges. It is also pleasing being a tutor because the more you teach the better understanding you get as a tutor

Babafemi T.

I have had passion for teaching since my childhood. I love my kids and I relate with them well which makes it easy for me to communicate with them. It gladdens my heart to be part of Adesuwa.

Mrs Adeoye:

The reason I enjoy being a tutor is to learn more about education, to have more knowledge from each other (I and the students we learn from each other). I am glad to be part of Adesuwa's tutor programme. It pleases my heart.

Oluwatoyin:

To be a tutor is a great pleasure. It's just as if it is an innate habit. I see teaching as destiny to be fulfilled in life. Children are part and parcel of me.

Olatunji:

I'm a tutor at Salvation Army School. I like tutoring because I interact with children with different ages and cultures, I like to help children achieve their best in many ways, I also like being a tutor because I want to be part of a child's success in life. I like being a tutor because I believe I can make a difference in a child's life; I can confidently say I have learnt as much from my learners and they have learnt from me. That is why I love being a tutor
