

NEWSLETTER 02/2023: Back-to-School Edition

Dear friends and members of Adesuwa,

Special edition: Adesuwa Kids Go Back to School

Once again school started for our Adesuwa families with a celebration!

Activities in Coker Village started at 10:00. Our social worker Esther gave an inspiring speech to the crowd, reminding our families about the goals of Adesuwa and the importance of education and attending Adesuwa meetings. Against the backdrop of the continuing astronomical inflation in Nigeria, she encouraged them to think positively and motivate each other.

The best pupils received small gifts as a recognition of their efforts and achievement. Then all Adesuwa children received their back-to-school kits, consisting – as every year – of books, pens, pencils, rulers, erasers, sharpeners, sandals, socks and underwear.

Because inflation is making it difficult for parents to feed their families, Adesuwa provided special food packages with rice, beans, salt, tomatoes paste and seasoning.

As Esther wrote, “It was a cheerful and beautiful sight to behold as both Parents and Students were gushing with joy and excitement with their various packs.”

Unfortunately Adesuwa learned that school fees for primary and secondary schools have doubled. We will, however, be able to absorb this increase because the conversion rate from Euros to Naira is also much more favorable.

So – even in these difficult times Adesuwa will continue to enable 70 children to go to school!

Our kids with their school materials

A happy Adesuwa family

The tutors also received a package

Your Adesuwa e.V.
